2. Connect Scotland National Survey – How are you doing in Lockdown Survey – live now

Parents/carers! We need you!

You made your voices heard in our first How are You Doing? lockdown survey and now we are launching our second lock down survey. <https://bit.ly/ConnectNextStepsSurvey>

We want to understand what you're thinking about schools/nurseries re-opening part time in August and how you are managing at the moment.

What are the challenges you face? We can then share your views and concerns with Scottish Government, local authorities and schools.

What you told us in our first survey has informed everything we've been doing, from making sure your voices are heard at every level and as we put together information and advice.

Please take part in this survey too so we can continue to speak up for parents.

The report of our first survey can be found here: <https://connect.scot/news/parents-carers-make-their-voices-heard-connects-survey-report-and-asks>
